Chimera Spectral Perception System

Assess imaging concepts and compare acquisition options before planning a physical trial.

Product overview

An imaging R&D prototype for coordinated observations and physical-study preparation.

Potential acquirers

- Imaging product developers
- Scientific instrument teams
- Perception research groups

Documented functions

- Prepare multi-view imaging studies
- Review feasibility assumptions
- Coordinate acquisition records
- Assess timing and calibration
- Bind physical campaign evidence

Available output types

Imaging study plans / Acquisition histories / Campaign qualification records

Visual & spatial software

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 125,000	**Prototype**

Current scope and conditions

A prototype offered for evaluation and continued development; production acceptance is separate.

Available for acquisition discussion

Identified edition: 0.15.0

• Imaging research software. Physical sensor hardware and qualified field performance are not included.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-067 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-11-01. EUR is the reference currency; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	125,000	139,650
Negotiation reference - low	100,000	111,720
Negotiation reference - high	160,000	178,752
Recreation cost estimate	1,200,000	1,340,640
Marketability cost scenario	606,900	678,029
Monetisation cost scenario	459,000	512,795
Risk-adjusted strategic reference	172,723	192,966
Weighted economic reference	573,633	640,863

Milestone-conditioned reference

EUR 650,782; model change EUR 77,149. Reach the next portfolio maturity stage with source-pinned, reproducible release checks, bounded claims and agreed handover evidence.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.

Retained seller estimate; work breakdown required. Budget coverage concerns the stated priced scope; independent quotation and market value are not established.
