Kinetic Logic Reconstructor

Compare a new professional case with earlier decisions and examine the evidence and uncertainty behind each precedent.

Product overview

An expert decision-intelligence prototype for reviewing historical professional decisions.

Potential acquirers

- Enterprise decision-tool vendors
- Engineering organisations
- Applied research teams

Documented functions

- Review historical decision evidence
- Retrieve relevant precedents
- Estimate bounded decision support
- Expose uncertainty and abstention
- Govern corpus admission

Available output types

Precedent dossiers / Decision suggestions / Corpus qualification records

Evidence & investigation software

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 95,000	**Prototype**

Current scope and conditions

A prototype offered for evaluation and continued development; production acceptance is separate.

Available for acquisition discussion

Identified edition: 1.8.0

• Target-environment suitability, deployment acceptance and any required independent qualification are agreed separately.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-047 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-11-01. EUR is the reference currency; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	95,000	106,134
Negotiation reference - low	75,000	83,790
Negotiation reference - high	120,000	134,064
Recreation cost estimate	600,000	670,320
Marketability cost scenario	645,150	720,762
Monetisation cost scenario	698,625	780,504
Risk-adjusted strategic reference	540,927	604,324
Weighted economic reference	608,079	679,346

Milestone-conditioned reference

EUR 756,124; model change EUR 148,045. Reach the next portfolio maturity stage with source-pinned, reproducible release checks, bounded claims and agreed handover evidence.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.

Retained seller estimate; work breakdown required. Budget coverage concerns the stated priced scope; independent quotation and market value are not established.
