AEROSPACE & MOBILITY ENGINEERING

LYRA-AERO eVTOL

Compare electric-aircraft design options and explore simulated flight and energy assumptions.

Reference alias: Lucia | Developed prototype

PRODUCT OVERVIEW

An electric-aircraft analytical prototype for transparent concept comparisons.

DOCUMENTED FUNCTIONAL SCOPE

- Review lift and power assumptions
- Compare energy requirements
- Study endurance scenarios
- Explore design alternatives
- Retain analytical audit records

POTENTIAL BUYERS

Electric-flight research teams; Engineering consultancies; Aerospace simulation vendors.

Suggested positioning; no existing customer contracts are asserted.

DOCUMENTED OUTPUT TYPES

- Concept comparisons
- Energy studies
- Design exploration reports

REFERENCE BASELINE

0.1.0

Acquisition brief

LYRA-AERO eVTOL / TA-IP-091

SELLER ASKING REFERENCE / AS IS

EUR 50,000

ESTIMATED RECREATION COST

EUR 450,000

Published pricing basis: 13 October 2026. Existing seller references retained. Recreation cost is an assumed engineering budget, not an independent appraisal, actual expenditure or guaranteed saving. Final consideration and tax treatment are agreed separately.

OFFERED TRANSACTION

AS IS acquisition of the seller-owned first-party software asset and specifically agreed transferable work products. The final written agreement defines the rights, exact delivery, permitted use and acceptance conditions.

CANDIDATE HANDOVER SCOPE

Present first-party software; associated original documentation; existing tests and evaluation material where retained; specifically agreed transferable first-party rights.

SEPARATE OR EXCLUDED

Third-party rights, private user content and credentials; future development, hosting, hardware, commercial operations and support; internal development methods and non-public know-how unless expressly agreed.

MATERIAL LIMITS AND NEXT QUALIFICATION

Published concept parameters are model assumptions. Physical aircraft performance and certification are not established.

Qualify the selected concept assumptions with independent engineering evidence.

RECORDED SELLER HANDOVER POSITION

Handover subject to conditions | Record date: 2026-10-12. Documentary exhibition review only; product tests and this classification were not independently re-executed.

ENQUIRY AND SOURCE BASIS

State this product reference, intended use and requested delivery with the seller through the channel that supplied this package. Final rights and acceptance require written terms.
