AEROSPACE & MOBILITY ENGINEERING

Maastricht Zero-Hour Simulator

Explore the developing Maastricht driving-simulation project and its foundations for interactive vehicle scenarios.

Reference alias: Eva | Developed prototype

PRODUCT OVERVIEW

A Maastricht driving-simulation foundation for buyer-led completion.

DOCUMENTED FUNCTIONAL SCOPE

- Prepare a city simulation project
- Configure vehicle and input foundations
- Record telemetry
- Review modelled damage components
- Retain session and validation records

POTENTIAL BUYERS

Driving simulation developers; Vehicle research teams; Interactive experience studios.

Suggested positioning; no existing customer contracts are asserted.

DOCUMENTED OUTPUT TYPES

- Simulation foundations
- Telemetry records
- Implementation documentation

REFERENCE BASELINE

0.1.0

Acquisition brief

Maastricht Zero-Hour Simulator / TA-IP-089

SELLER ASKING REFERENCE / AS IS

EUR 120,000

ESTIMATED RECREATION COST

EUR 650,000

Published pricing basis: 13 October 2026. Existing seller references retained. Recreation cost is an assumed engineering budget, not an independent appraisal, actual expenditure or guaranteed saving. Final consideration and tax treatment are agreed separately.

OFFERED TRANSACTION

AS IS acquisition of the seller-owned first-party software asset and specifically agreed transferable work products. The final written agreement defines the rights, exact delivery, permitted use and acceptance conditions.

CANDIDATE HANDOVER SCOPE

Present first-party software; associated original documentation; existing tests and evaluation material where retained; specifically agreed transferable first-party rights.

SEPARATE OR EXCLUDED

Third-party rights, private user content and credentials; future development, hosting, hardware, commercial operations and support; internal development methods and non-public know-how unless expressly agreed.

MATERIAL LIMITS AND NEXT QUALIFICATION

A complete city, qualified vehicle physics and a compiled production baseline remain unfinished. High-fidelity scope is a development objective.

Complete and qualify the selected runtime, city area and vehicle model.

RECORDED SELLER HANDOVER POSITION

Handover evidence incomplete | Record date: 2026-10-12. Documentary exhibition review only; product tests and this classification were not independently re-executed.

ENQUIRY AND SOURCE BASIS

State this product reference, intended use and requested delivery with the seller through the channel that supplied this package. Final rights and acceptance require written terms.
