PHYSICS, MATHEMATICS & OPTIMISATION RESEARCH

QUBO Structural Analysis and Optimization Platform

Compare optimisation approaches and assess candidate solutions within a clearly defined problem scope.

Reference alias: Emmy | Developed prototype

PRODUCT OVERVIEW

An optimisation research prototype for structured problem analysis and comparative studies.

DOCUMENTED FUNCTIONAL SCOPE

- Characterise supplied problems
- Review connectivity and scale
- Compare bounded candidate solutions
- Measure study resource use
- Retain qualification evidence

POTENTIAL BUYERS

Optimisation research teams; Planning software vendors; Scientific software developers.

Suggested positioning; no existing customer contracts are asserted.

DOCUMENTED OUTPUT TYPES

- Problem diagnostics
- Solution comparisons
- Scaling reports

REFERENCE BASELINE

Acquisition brief

QUBO Structural Analysis and Optimization Platform / TA-IP-075

SELLER ASKING REFERENCE / AS IS

EUR 90,000

ESTIMATED RECREATION COST

EUR 650,000

Published pricing basis: 13 October 2026. Existing seller references retained. Recreation cost is an assumed engineering budget, not an independent appraisal, actual expenditure or guaranteed saving. Final consideration and tax treatment are agreed separately.

OFFERED TRANSACTION

AS IS acquisition of the seller-owned first-party software asset and specifically agreed transferable work products. The final written agreement defines the rights, exact delivery, permitted use and acceptance conditions.

CANDIDATE HANDOVER SCOPE

Present first-party software; associated original documentation; existing tests and evaluation material where retained; specifically agreed transferable first-party rights.

SEPARATE OR EXCLUDED

Third-party rights, private user content and credentials; future development, hosting, hardware, commercial operations and support; internal development methods and non-public know-how unless expressly agreed.

MATERIAL LIMITS AND NEXT QUALIFICATION

Structural diagnostics do not establish formal impossibility or universal solver superiority. Performance remains problem- and protocol-specific.

Run representative matched optimisation studies with explicit acceptance criteria.

RECORDED SELLER HANDOVER POSITION

Handover subject to conditions | Record date: 2026-10-12. Documentary exhibition review only; product tests and this classification were not independently re-executed.

ENQUIRY AND SOURCE BASIS

State this product reference, intended use and requested delivery with the seller through the channel that supplied this package. Final rights and acceptance require written terms.

Sources: TA-IP-075-P, TA-IP-075-C, TA-IP-075-A. Product overview reviewed 13 October 2026; current commercial register; retained dated seller assessment. See the non-technical source register and price-basis page in the exhibition.
