SECURITY, IDENTITY & TRACEABILITY

Secure Actuation Integrity Platform

Review permissions and decision records before authorising a controlled resource action.

Reference alias: Valeria | Developed software

PRODUCT OVERVIEW

A software-only authorisation asset for secure-resource simulation and transfer review.

DOCUMENTED FUNCTIONAL SCOPE

- Evaluate action permissions
- Simulate secure-resource scenarios
- Review qualification decisions
- Prepare portable handovers
- Record buyer acceptance evidence

POTENTIAL BUYERS

Security software vendors; Device research groups; Assurance product teams.

Suggested positioning; no existing customer contracts are asserted.

DOCUMENTED OUTPUT TYPES

- Authorisation records
- Scenario reports
- Transfer packages

REFERENCE BASELINE

Acquisition brief

Secure Actuation Integrity Platform / TA-IP-079

SELLER ASKING REFERENCE / AS IS

EUR 425,000

ESTIMATED RECREATION COST

EUR 1,750,000

Published pricing basis: 13 October 2026. Existing seller references retained. Recreation cost is an assumed engineering budget, not an independent appraisal, actual expenditure or guaranteed saving. Final consideration and tax treatment are agreed separately.

OFFERED TRANSACTION

AS IS acquisition of the seller-owned first-party software asset and specifically agreed transferable work products. The final written agreement defines the rights, exact delivery, permitted use and acceptance conditions.

CANDIDATE HANDOVER SCOPE

Present first-party software; associated original documentation; existing tests and evaluation material where retained; specifically agreed transferable first-party rights.

SEPARATE OR EXCLUDED

Third-party rights, private user content and credentials; future development, hosting, hardware, commercial operations and support; internal development methods and non-public know-how unless expressly agreed.

MATERIAL LIMITS AND NEXT QUALIFICATION

The reference asset has no physical actuator implementation. Software acceptance is separate from real-equipment safety or deployment.

Accept the selected inert workflow and qualify any buyer-provided physical integration separately.

RECORDED SELLER HANDOVER POSITION

Handover subject to conditions | Record date: 2026-10-12. Documentary exhibition review only; product tests and this classification were not independently re-executed.

ENQUIRY AND SOURCE BASIS

State this product reference, intended use and requested delivery with the seller through the channel that supplied this package. Final rights and acceptance require written terms.
