SOFTWARE ASSURANCE, PROVENANCE & CONTROL

Software Asset Engineering Platform

Inspect a software project, review its recorded evidence and limitations, and prepare a documented package for an acquisition review.

Reference alias: Octavia | Locally tested software-inspection prototype

PRODUCT OVERVIEW

A software-inspection prototype for documented asset review and handover preparation.

DOCUMENTED FUNCTIONAL SCOPE

- Inspect supplied software work products
- Retain review snapshots
- Record supported findings
- Prepare repair-note proposals
- Create review and handover dossiers

POTENTIAL BUYERS

Developer-tool vendors; IP transaction teams; Engineering organisations.

Suggested positioning; no existing customer contracts are asserted.

DOCUMENTED OUTPUT TYPES

- Inspection reports
- Repair-note proposals
- Asset review packages

REFERENCE BASELINE

v0.1.0

RECORDED SEPARATE DEVELOPMENT

The required private service product remains under development. A separate draft adds service-control records; hosted accounts, live processing and billing are unfinished.

First-party rights reserved

Acquisition brief

Software Asset Engineering Platform / TA-IP-098

SELLER ASKING REFERENCE / AS IS

EUR 75,000

ESTIMATED RECREATION COST

EUR 250,000

Published pricing basis: 13 October 2026. Existing seller references retained. Recreation cost is an assumed engineering budget, not an independent appraisal, actual expenditure or guaranteed saving. Final consideration and tax treatment are agreed separately.

OFFERED TRANSACTION

AS IS acquisition of the seller-owned first-party software asset and specifically agreed transferable work products. The final written agreement defines the rights, exact delivery, permitted use and acceptance conditions.

CANDIDATE HANDOVER SCOPE

Present first-party software; associated original documentation; existing tests and evaluation material where retained; specifically agreed transferable first-party rights.

SEPARATE OR EXCLUDED

Third-party rights, private user content and credentials; future development, hosting, hardware, commercial operations and support; internal development methods and non-public know-how unless expressly agreed.

MATERIAL LIMITS AND NEXT QUALIFICATION

Ingested software is inspected rather than executed. Hosted accounts, live jobs and the required private SaaS remain development work.

Qualify the agreed local inspection scope and separately complete the private service product.

RECORDED SELLER HANDOVER POSITION

Handover subject to conditions | Record date: 2026-10-12. Documentary exhibition review only; product tests and this classification were not independently re-executed.

ENQUIRY AND SOURCE BASIS

State this product reference, intended use and requested delivery with the seller through the channel that supplied this package. Final rights and acceptance require written terms.

Sources: TA-IP-098-P, TA-IP-098-C, TA-IP-098-A. Product overview reviewed 13 October 2026; current commercial register; retained dated seller assessment. See the non-technical source register and price-basis page in the exhibition.
