AEROSPACE & MOBILITY ENGINEERING

TrueLane Studio: Apex Architect

Compare vehicle configurations, examine measured results and review proposed improvements before further tuning work.

Reference alias: Ava | Developed software

PRODUCT OVERVIEW

A vehicle-independent engineering product for comparable tuning and qualification studies.

DOCUMENTED FUNCTIONAL SCOPE

- Run vehicle configuration studies
- Compare calibration alternatives
- Review learning evidence
- Prepare portable engineering packages
- Replay regression studies

POTENTIAL BUYERS

Vehicle engineering teams; Automotive software vendors; Engineering consultancies.

Suggested positioning; no existing customer contracts are asserted.

DOCUMENTED OUTPUT TYPES

- Configuration comparisons
- Calibration studies
- Qualification packages

REFERENCE BASELINE

Acquisition brief

TrueLane Studio: Apex Architect / TA-IP-080

SELLER ASKING REFERENCE / AS IS

EUR 300,000

ESTIMATED RECREATION COST

EUR 1,200,000

Published pricing basis: 13 October 2026. Existing seller references retained. Recreation cost is an assumed engineering budget, not an independent appraisal, actual expenditure or guaranteed saving. Final consideration and tax treatment are agreed separately.

OFFERED TRANSACTION

AS IS acquisition of the seller-owned first-party software asset and specifically agreed transferable work products. The final written agreement defines the rights, exact delivery, permitted use and acceptance conditions.

CANDIDATE HANDOVER SCOPE

Present first-party software; associated original documentation; existing tests and evaluation material where retained; specifically agreed transferable first-party rights.

SEPARATE OR EXCLUDED

Third-party rights, private user content and credentials; future development, hosting, hardware, commercial operations and support; internal development methods and non-public know-how unless expressly agreed.

MATERIAL LIMITS AND NEXT QUALIFICATION

The asset does not establish world-leading tuning performance or universal vehicle compatibility. Physical qualification remains separately required.

Qualify the selected vehicle and engineering objectives against measured evidence.

RECORDED SELLER HANDOVER POSITION

Handover subject to conditions | Record date: 2026-10-12. Documentary exhibition review only; product tests and this classification were not independently re-executed.

ENQUIRY AND SOURCE BASIS

State this product reference, intended use and requested delivery with the seller through the channel that supplied this package. Final rights and acceptance require written terms.
