VISUAL, SPATIAL & MULTIMODAL SYSTEMS

Visionair Research Engine

Compare AI research results and examine ECG learning studies through repeatable evaluation.

Reference alias: Vivian | Developed software

PRODUCT OVERVIEW

An experimental AI research asset with governed cardiac-signal studies.

DOCUMENTED FUNCTIONAL SCOPE

- Run controlled benchmark studies
- Record data provenance
- Compare research outcomes
- Review cardiac-signal evaluation
- Assess external generalisation

POTENTIAL BUYERS

AI research groups; Cardiac-signal research teams; Scientific software vendors.

Suggested positioning; no existing customer contracts are asserted.

DOCUMENTED OUTPUT TYPES

- Benchmark records
- Cardiac study reports
- Qualification dossiers

REFERENCE BASELINE

0.9.0

First-party rights reserved

Acquisition brief

Visionair Research Engine / TA-IP-051

SELLER ASKING REFERENCE / AS IS

EUR 260,000

ESTIMATED RECREATION COST

EUR 1,200,000

Published pricing basis: 13 October 2026. Existing seller references retained. Recreation cost is an assumed engineering budget, not an independent appraisal, actual expenditure or guaranteed saving. Final consideration and tax treatment are agreed separately.

OFFERED TRANSACTION

AS IS acquisition of the seller-owned first-party software asset and specifically agreed transferable work products. The final written agreement defines the rights, exact delivery, permitted use and acceptance conditions.

CANDIDATE HANDOVER SCOPE

Present first-party software; associated original documentation; existing tests and evaluation material where retained; specifically agreed transferable first-party rights.

SEPARATE OR EXCLUDED

Third-party rights, private user content and credentials; future development, hosting, hardware, commercial operations and support; internal development methods and non-public know-how unless expressly agreed.

MATERIAL LIMITS AND NEXT QUALIFICATION

Research results do not establish clinical validity or general AI superiority. External evaluation remains protocol-bound.

Complete the selected independent cardiac-signal evaluation without changing its frozen criteria.

RECORDED SELLER HANDOVER POSITION

Handover subject to conditions | Record date: 2026-10-12. Documentary exhibition review only; product tests and this classification were not independently re-executed.

ENQUIRY AND SOURCE BASIS

State this product reference, intended use and requested delivery with the seller through the channel that supplied this package. Final rights and acceptance require written terms.

Sources: TA-IP-051-P, TA-IP-051-C, TA-IP-051-A. Product overview reviewed 13 October 2026; current commercial register; retained dated seller assessment. See the non-technical source register and price-basis page in the exhibition.
