DMT Laser Phenomenology Engine

Organise phenomenology study records, compare bounded research outputs and review controlled synthetic and recovery workflows.

Product overview

Phenomenology research software for organising observations, comparing bounded studies and verifying synthetic reference and recovery workflows.

Potential acquirers

- Perception research groups
- Scientific data teams
- Research software vendors

Documented functions

- Organise structured study records
- Compare bounded study and reference outputs
- Generate explicitly synthetic software-test subjects
- Prepare portable evidence and recovery packages
- Review source-readiness and qualification conditions

Available output types

Study records / Comparative research summaries / Synthetic test fixtures / Review and recovery packages

Scientific observation & life sciences

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 226,500	**Developed software**

Current scope and conditions

Developed research or product software within the identified edition and material boundaries. Intended-use and recipient acceptance remain separate.

Available for acquisition discussion

Identified edition: 8.29.0 / implemented research extensions

- Synthetic subjects and software qualification do not establish human, biological, optical, causal or clinical results.
- Actual-data provenance, independent custody, scientific acceptance and production key governance require separate qualification.
- The proposed umbrella product identity is a roadmap; this asset remains DMT Laser Phenomenology Engine.

Offered first-party perimeter

- The specifically agreed first-party software or research work product
- Associated first-party product documentation and retained evaluation material
- The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-023 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-11-01. EUR is the reference currency; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	226,500	253,046
Negotiation reference - low	183,500	205,006
Negotiation reference - high	286,000	319,519
Recreation cost estimate	1,240,000	1,385,328
Marketability cost scenario	737,800	824,270
Monetisation cost scenario	855,600	955,876
Risk-adjusted strategic reference	252,672	282,285
Weighted economic reference	717,115	801,161

Milestone-conditioned reference

Not established. No independently supported higher maturity amount or new attributable market/income evidence is established.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained expressly priced scope and successive non-overlapping implementation budgets reconcile below. Equivalent effort and historical anchors remain seller assumptions; actual expenditure, independent quotations and market value are not established. The previously priced study, observation, governance and campaign foundations are reused once. Empirical studies, external custody, scientific findings and planned general-purpose productisation are excluded.

Partial scoped budget; retained anchor remains provisional. Budget coverage concerns the stated priced scope; independent quotation and market value are not established.
