Adaptive Audio Synthesis Platform

Create and render audio for your creative tools or sound products, and keep your production work organised.

Product overview

An audio-synthesis product with repeatable rendering and governed production work.

Potential acquirers

- Audio tool vendors
- Sound-product developers
- Music software teams

Documented functions

- Create and render audio
- Manage durable render work
- Review output and service conditions
- Track authorised generation assets
- Retain production evidence

Available output types

Rendered audio / Job histories / Generation qualification records

Audio, publishing & media

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 425,000	**Developed software**

Current scope and conditions

Existing software offered for evaluation against an agreed use and delivery scope.

Available for acquisition discussion

• Target-environment suitability, deployment acceptance and any required independent qualification are agreed separately.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-069 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-17. Existing EUR amounts retained; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	425,000	478,253
Negotiation reference - low	340,000	382,602
Negotiation reference - high	535,000	602,036
Recreation cost estimate	1,800,000	2,025,540
Marketability cost scenario	2,070,000	2,329,371
Monetisation cost scenario	2,551,500	2,871,203
Risk-adjusted strategic reference	2,088,498	2,350,187
Weighted economic reference	2,105,274	2,369,065

Milestone-conditioned reference

Not established. No independently supported higher maturity amount or new attributable market/income evidence is established.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.
