Adaptive General Reasoning Research Platform

Compare reasoning approaches in repeatable experiments and assess which results your evidence supports.

Product overview

A bounded reasoning research platform for repeatable experiments and evidence-led comparison.

Potential acquirers

- AI research groups
- Reasoning-tool developers
- Scientific software vendors

Documented functions

- Run reasoning experiments
- Study planning and uncertainty
- Compare research extensions
- Track claim-promotion conditions
- Retain reproducible evidence

Available output types

Reasoning study records / Comparative reports / Research release material

AI & decision software

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 80,000	**Research software**

Current scope and conditions

Research software for bounded studies; scientific outcomes require their own evidence.

Available for acquisition discussion

• Bounded reasoning research software. Broad general-intelligence claims are outside the offered scope.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-064 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-17. Existing EUR amounts retained; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	80,000	90,024
Negotiation reference - low	65,000	73,145
Negotiation reference - high	100,000	112,530
Recreation cost estimate	1,300,000	1,462,890
Marketability cost scenario	1,068,925	1,202,861
Monetisation cost scenario	745,875	839,333
Risk-adjusted strategic reference	643,455	724,080
Weighted economic reference	913,169	1,027,589

Milestone-conditioned reference

EUR 1,238,530; model change EUR 325,361. Reach the next portfolio maturity stage with source-pinned, reproducible release checks, bounded claims and agreed handover evidence.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.
