TA-IP-004 / Elena / INDEPENDENT IP ASSET

Continuum State Integrity Platform

Review changes in your system, check whether its state remains consistent and follow its operational history.

Product overview

A state-consistency and operational-record asset for reviewing controlled system change.

Potential acquirers

- Reliability teams
- Audit software vendors
- Systems research groups

Documented functions

- Review state consistency
- Record attributable changes
- Identify contradictory records
- Replay retained histories
- Study bounded disruption scenarios

Available output types

Consistency findings / Change histories / Replay reports

Operations, reliability & digital twins

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 175,000	**Developed software**

Current scope and conditions

Existing software offered for evaluation against an agreed use and delivery scope.

Available for acquisition discussion

• Target-environment suitability, deployment acceptance and any required independent qualification are agreed separately.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-004 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-17. Existing EUR amounts retained; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	175,000	196,928
Negotiation reference - low	140,000	157,542
Negotiation reference - high	220,000	247,566
Recreation cost estimate	800,000	900,240
Marketability cost scenario	756,000	850,727
Monetisation cost scenario	612,000	688,684
Risk-adjusted strategic reference	451,070	507,589
Weighted economic reference	631,475	710,599

Milestone-conditioned reference

Not established. No independently supported higher maturity amount or new attributable market/income evidence is established.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.

Source references
