Custody Integrity Assurance Platform

Track custody handovers and examine whether the accompanying records support a clear chain of responsibility.

Product overview

A custody-assurance prototype for accountable transfers between managed organisations.

Potential acquirers

- Supply-chain software vendors
- Custody service providers
- Audit and assurance teams

Documented functions

- Record custody transitions
- Preserve transfer history
- Review implementation conformance
- Study operational recovery
- Prepare independent review material

Available output types

Custody records / Conformance reports / Continuity evidence

Security, identity & traceability

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 140,000	**Prototype**

Current scope and conditions

A prototype offered for evaluation and continued development; production acceptance is separate.

Available for acquisition discussion

• Target-environment suitability, deployment acceptance and any required independent qualification are agreed separately.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-009 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-17. Existing EUR amounts retained; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	140,000	157,542
Negotiation reference - low	110,000	123,783
Negotiation reference - high	175,000	196,928
Recreation cost estimate	750,000	843,975
Marketability cost scenario	769,781	866,235
Monetisation cost scenario	835,313	939,978
Risk-adjusted strategic reference	645,424	726,296
Weighted economic reference	734,417	826,439

Milestone-conditioned reference

EUR 911,176; model change EUR 176,759. Reach the next portfolio maturity stage with source-pinned, reproducible release checks, bounded claims and agreed handover evidence.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.
