TA-IP-026 / Mara / INDEPENDENT IP ASSET

Dominus Kraken Execution Engine

Evaluate market decisions, trading workflows and recovery scenarios within a controlled research environment.

Product overview

A trading-research and execution-workflow asset with conservative operational controls.

Potential acquirers

- Trading infrastructure developers
- Quantitative research teams
- Market-data product vendors

Documented functions

- Review public-market observations
- Compare research decisions
- Study operational recovery
- Retain chronological evaluation evidence
- Keep research separate from live authority

Available output types

Research histories / Paper-decision records / Recovery reports

Software assurance & infrastructure

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 800,000	**Developed software**

Current scope and conditions

Existing software offered for evaluation against an agreed use and delivery scope.

Available for acquisition discussion

• Trading research and reference workflows. Managed funds, customer accounts, business income and live financial services are excluded.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-026 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-17. Existing EUR amounts retained; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	800,000	900,240
Negotiation reference - low	640,000	720,192
Negotiation reference - high	1,000,000	1,125,300
Recreation cost estimate	3,000,000	3,375,900
Marketability cost scenario	3,795,000	4,270,514
Monetisation cost scenario	4,657,500	5,241,085
Risk-adjusted strategic reference	3,828,913	4,308,676
Weighted economic reference	3,780,620	4,254,332

Milestone-conditioned reference

Not established. No independently supported higher maturity amount or new attributable market/income evidence is established.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.
