Evidence-Governed Software Assurance Platform

Compare software components against your requirements and review the evidence before selecting them.

Product overview

A software-assurance asset for controlled component discovery and qualification.

Potential acquirers

- Developer-tool companies
- Software assurance teams
- Enterprise architecture groups

Documented functions

- Discover candidate components
- Review capability and rights evidence
- Compare benchmark records
- Control qualification decisions
- Retain governance and recovery histories

Available output types

Component dossiers / Comparison records / Qualification decisions

Software assurance & infrastructure

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 475,000	**Developed software**

Current scope and conditions

Existing software offered for evaluation against an agreed use and delivery scope.

Available for acquisition discussion

• Target-environment suitability, deployment acceptance and any required independent qualification are agreed separately.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-039 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-17. Existing EUR amounts retained; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	475,000	534,518
Negotiation reference - low	380,000	427,614
Negotiation reference - high	595,000	669,554
Recreation cost estimate	1,200,000	1,350,360
Marketability cost scenario	1,890,000	2,126,817
Monetisation cost scenario	2,760,000	3,105,828
Risk-adjusted strategic reference	3,044,719	3,426,222
Weighted economic reference	2,295,652	2,583,297

Milestone-conditioned reference

Not established. No independently supported higher maturity amount or new attributable market/income evidence is established.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.
