TA-IP-014 / Sasha / INDEPENDENT IP ASSET

Programmatic Search Fabric

Create and maintain useful collections of web pages, with review controls for your publishing workflow.

Product overview

A publishing infrastructure asset for governed collections of useful utility pages.

Potential acquirers

- Digital publishers
- Web-tool companies
- Enterprise content teams

Documented functions

- Generate structured page collections
- Check publication consistency
- Review evidence-led promotion
- Record release decisions
- Prepare controlled rollback material

Available output types

Page collections / Release records / Publication review packages

Enterprise & commerce software

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 265,000	**Developed software**

Current scope and conditions

Existing software offered for evaluation against an agreed use and delivery scope.

Scope and transfer review required

• Target-environment suitability, deployment acceptance and any required independent qualification are agreed separately.

• The delivery perimeter and transfer requirements need further review before terms can be finalised.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-014 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-17. Existing EUR amounts retained; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	265,000	298,205
Negotiation reference - low	210,000	236,313
Negotiation reference - high	330,000	371,349
Recreation cost estimate	700,000	787,710
Marketability cost scenario	1,155,000	1,299,722
Monetisation cost scenario	1,610,000	1,811,733
Risk-adjusted strategic reference	1,860,662	2,093,803
Weighted economic reference	1,379,232	1,552,050

Milestone-conditioned reference

Not established. No independently supported higher maturity amount or new attributable market/income evidence is established.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.

Source references

WIPO - Intellectual Property Valuation Basics — The cost method

Knab - Software developer freelance rates in 2026

Upwork - Software developer hiring costs

European Central Bank - Euro reference exchange rate - US dollar

External sources inform the method, contractor-rate context and currency only. Project-specific prices and model factors remain seller assumptions. The marketability, monetisation and strategic references share a cost anchor; their weighted blend is not an independent appraisal.

USD display: EUR 1 = USD 1.1253; ECB 2026-10-16. EUR is authoritative.
