Spatial Wearable Perception Platform

Explore spatial observations and wearable-use scenarios, with captured material available for later review.

Product overview

A spatial-perception software asset for wearable studies and controlled overlays.

Potential acquirers

- Wearable product developers
- Spatial software vendors
- Perception research teams

Documented functions

- Organise wearable observations
- Track persistent objects
- Maintain spatial overlay state
- Replay recorded sessions
- Prepare qualified release and handover records

Available output types

Spatial session records / Overlay states / Evaluation packages

Visual & spatial software

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 800,000	**Developed software**

Current scope and conditions

Existing software offered for evaluation against an agreed use and delivery scope.

Available for acquisition discussion

• Spatial software for wearable research and evaluation. Wearable hardware and physical-device qualification are separately scoped.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-073 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-17. Existing EUR amounts retained; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	800,000	900,240
Negotiation reference - low	640,000	720,192
Negotiation reference - high	1,000,000	1,125,300
Recreation cost estimate	3,500,000	3,938,550
Marketability cost scenario	5,775,000	6,498,608
Monetisation cost scenario	5,950,000	6,695,535
Risk-adjusted strategic reference	9,303,308	10,469,012
Weighted economic reference	6,476,158	7,287,621

Milestone-conditioned reference

Not established. No independently supported higher maturity amount or new attributable market/income evidence is established.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.
