TA-IP-074 / Terra / INDEPENDENT IP ASSET

Telluric Actualization Research Platform

Organise geophysical hypotheses and compare the evidence supporting your research questions.

Product overview

A geophysical hypothesis research asset for structured evidence and repeatable studies.

Potential acquirers

- Geophysics research groups
- Scientific software vendors
- Research assurance teams

Documented functions

- Organise hypothesis evidence
- Review source-study records
- Track qualification progress
- Prepare repeatable sessions
- Expose missing evidence

Available output types

Qualification sessions / Hypothesis reports / Evidence review records

Scientific observation & life sciences

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 55,000	**Research software**

Current scope and conditions

Research software for bounded studies; scientific outcomes require their own evidence.

Scope and transfer review required

• Geophysical hypothesis research software. Physical effects and field applicability require suitable scientific evidence.

• The delivery perimeter and transfer requirements need further review before terms can be finalised.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-074 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-17. Existing EUR amounts retained; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	55,000	61,892
Negotiation reference - low	45,000	50,639
Negotiation reference - high	70,000	78,771
Recreation cost estimate	600,000	675,180
Marketability cost scenario	232,050	261,126
Monetisation cost scenario	153,000	172,171
Risk-adjusted strategic reference	47,414	53,355
Weighted economic reference	243,605	274,129

Milestone-conditioned reference

EUR 286,816; model change EUR 43,211. Reach the next portfolio maturity stage with source-pinned, reproducible release checks, bounded claims and agreed handover evidence.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.
