Engineering Intelligence & Mastery Platform (EIMP)

Organise engineering knowledge, assess your understanding and support better-informed technical decisions.

Product overview

An engineering knowledge workbench for specialist research, learning structure and assessment inputs.

Potential acquirers

- Engineering education vendors
- Research organisations
- Technical knowledge teams

Documented functions

- Organise engineering knowledge domains
- Allocate specialist research scope
- Track evidence and research gaps
- Prepare assessment inputs
- Review knowledge-promotion status

Available output types

Research programmes / Learning structures / Gap and evidence reports

Software assurance & infrastructure

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 80,000	**Prototype**

Current scope and conditions

A prototype offered for evaluation and continued development; production acceptance is separate.

Available for acquisition discussion

• Target-environment suitability, deployment acceptance and any required independent qualification are agreed separately.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-036 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-17. Existing EUR amounts retained; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	80,000	90,024
Negotiation reference - low	65,000	73,145
Negotiation reference - high	100,000	112,530
Recreation cost estimate	450,000	506,385
Marketability cost scenario	483,863	544,491
Monetisation cost scenario	523,969	589,622
Risk-adjusted strategic reference	405,695	456,529
Weighted economic reference	456,060	513,204

Milestone-conditioned reference

EUR 567,093; model change EUR 111,033. Reach the next portfolio maturity stage with source-pinned, reproducible release checks, bounded claims and agreed handover evidence.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.

Source references

WIPO - Intellectual Property Valuation Basics — The cost method
