TrueLane Studio: Apex Architect

Compare vehicle configurations, examine measured results and review proposed improvements before further tuning work.

Product overview

A vehicle-independent engineering product for comparable tuning and qualification studies.

Potential acquirers

- Vehicle engineering teams
- Automotive software vendors
- Engineering consultancies

Documented functions

- Run vehicle configuration studies
- Compare calibration alternatives
- Review learning evidence
- Prepare portable engineering packages
- Replay regression studies

Available output types

Configuration comparisons / Calibration studies / Qualification packages

Aerospace & mobility engineering

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 300,000	**Developed software**

Current scope and conditions

Existing software offered for evaluation against an agreed use and delivery scope.

Available for acquisition discussion

• Target-environment suitability, deployment acceptance and any required independent qualification are agreed separately.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-080 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-17. Existing EUR amounts retained; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	300,000	337,590
Negotiation reference - low	240,000	270,072
Negotiation reference - high	375,000	421,988
Recreation cost estimate	1,200,000	1,350,360
Marketability cost scenario	1,242,000	1,397,623
Monetisation cost scenario	1,377,000	1,549,538
Risk-adjusted strategic reference	1,253,099	1,410,112
Weighted economic reference	1,262,385	1,420,562

Milestone-conditioned reference

Not established. No independently supported higher maturity amount or new attributable market/income evidence is established.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

Some dated work-package assumptions are disclosed, but they do not reconstruct the complete retained recreation anchor. A complete scope-specific budget is required.
