Universal Vehicle Configuration Database

Find source-supported vehicle configurations and see where the available information is complete or still uncertain.

Product overview

An independent vehicle-reference product for evidence-backed configuration selection.

Potential acquirers

- Automotive software vendors
- Vehicle-data product teams
- Engineering platforms

Documented functions

- Select supported vehicle configurations
- Review evidence-backed identifiers
- Inspect source qualification
- Handle unsupported selection paths
- Retain configuration lineage

Available output types

Vehicle reference records / Configuration selections / Evidence review packages

Aerospace & mobility engineering

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 125,000	**Prototype**

Current scope and conditions

A prototype offered for evaluation and continued development; production acceptance is separate.

Available for acquisition discussion

• Vehicle-reference software. Manufacturer trademarks and third-party catalogue data retain their own rights.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-094 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-17. Existing EUR amounts retained; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	125,000	140,663
Negotiation reference - low	100,000	112,530
Negotiation reference - high	155,000	174,422
Recreation cost estimate	1,050,000	1,181,565
Marketability cost scenario	923,738	1,039,482
Monetisation cost scenario	903,656	1,016,884
Risk-adjusted strategic reference	774,509	871,555
Weighted economic reference	899,057	1,011,709

Milestone-conditioned reference

EUR 1,104,586; model change EUR 205,529. Reach the next portfolio maturity stage with source-pinned, reproducible release checks, bounded claims and agreed handover evidence.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

Disclosed base/increment assumptions reconcile to the retained recreation anchor. Effort remains an analyst estimate for its original scope.
