Universal Video Intelligence Platform

Control your video viewing, keep and recover your own timecoded research notes, and turn reviewed observations into source-linked project investigations.

Product overview

A local-first video and research-workspace prototype with controlled exports.

Potential acquirers

- Video-tool developers
- Research software vendors
- Knowledge-workflow teams

Documented functions

- Adjust viewing controls
- Keep video bookmarks and notes
- Recover private research drafts
- Prepare source-aware project research
- Export controlled review material
- Search private bookmarks and notes locally (v0.9.9 development candidate)

Available output types

Bookmarks / Research workspaces / Offline review exports

Audio, publishing & media

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 36,000	**Prototype**

Current scope and conditions

A prototype offered for evaluation and continued development; production acceptance is separate.

Available for acquisition discussion

• Local video and research workflows. External-platform access, content permissions and production acceptance are separately scoped.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-101 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-12. Existing EUR amounts retained; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	36,000	40,511
Negotiation reference - low	28,800	32,409
Negotiation reference - high	45,000	50,639
Recreation cost estimate	120,000	135,036
Marketability cost scenario	91,800	103,303
Monetisation cost scenario	85,050	95,707
Risk-adjusted strategic reference	45,518	51,221
Weighted economic reference	81,301	91,488

Milestone-conditioned reference

EUR 96,834; model change EUR 15,533. Qualify the defined existing software, source-specific evidence, rights and recipient handover; separately resolve the listed project conditions. Scientific, physical or production claims require their own evidence.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

Some dated work-package assumptions are disclosed, but they do not reconstruct the complete retained recreation anchor. A complete scope-specific budget is required.

Source references
