Vision Evidence Governed Multimodal Perception Framework

Compare perception results across different types of input and review the evidence behind each interpretation.

Product overview

A multimodal perception research asset for repeatable, evidence-governed studies.

Potential acquirers

- Perception research groups
- AI software vendors
- Scientific modelling teams

Documented functions

- Run multimodal perception experiments
- Compare declared research conditions
- Review benchmark evidence
- Preserve source provenance
- Control scientific claim promotion

Available output types

Experiment comparisons / Feature-study reports / Release evidence

Visual & spatial software

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 160,000	**Developed software**

Current scope and conditions

Existing software offered for evaluation against an agreed use and delivery scope.

Available for acquisition discussion

• Target-environment suitability, deployment acceptance and any required independent qualification are agreed separately.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-052 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-17. Existing EUR amounts retained; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	160,000	180,048
Negotiation reference - low	130,000	146,289
Negotiation reference - high	200,000	225,060
Recreation cost estimate	850,000	956,505
Marketability cost scenario	654,500	736,509
Monetisation cost scenario	433,500	487,818
Risk-adjusted strategic reference	224,144	252,229
Weighted economic reference	508,550	572,271

Milestone-conditioned reference

Not established. No independently supported higher maturity amount or new attributable market/income evidence is established.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.
