Aletheia Intelligence Fabric

Organise authorised information about people, organisations and events, and review the relationships that matter to your investigation.

Product overview

An entity-intelligence prototype for authorised collection and attributable relationship review.

Potential acquirers

- Corporate analysis teams
- Intelligence software vendors
- Research organisations

Documented functions

- Collect permitted source records
- Resolve entity references
- Review relationships
- Detect recorded changes
- Prepare attributable analytical outputs

Available output types

Entity dossiers / Relationship views / Evidence histories

Evidence & investigation software

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 200,000	**Prototype**

Current scope and conditions

A prototype offered for evaluation and continued development; production acceptance is separate.

Available for acquisition discussion

Identified edition: 1.1.0

• Target-environment suitability, deployment acceptance and any required independent qualification are agreed separately.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-049 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-18. EUR is the reference currency; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	200,000	225,060
Negotiation reference - low	160,000	180,048
Negotiation reference - high	250,000	281,325
Recreation cost estimate	950,000	1,069,035
Marketability cost scenario	1,271,813	1,431,171
Monetisation cost scenario	1,638,750	1,844,085
Risk-adjusted strategic reference	1,702,639	1,915,980
Weighted economic reference	1,415,536	1,592,903

Milestone-conditioned reference

EUR 1,817,391; model change EUR 401,855. Reach the next portfolio maturity stage with source-pinned, reproducible release checks, bounded claims and agreed handover evidence.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.
