AEGIS Vision – Evidence-Governed Visual Intelligence Platform

Examine visual material, compare interpretations and follow the evidence supporting your review.

Product overview

A visual-evidence analysis asset that makes interpretations and disagreements reviewable.

Potential acquirers

- Visual-analysis software vendors
- Research groups
- Evidence-review teams

Documented functions

- Review visual observations
- Separate observations from interpretations
- Compare analysis results
- Expose disagreements
- Retain qualification and audit records

Available output types

Structured visual claims / Comparison reports / Reviewable evidence packages

Visual & spatial software

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 354,500	**Developed software**

Current scope and conditions

Existing software offered for evaluation against an agreed use and delivery scope.

Available for acquisition discussion

Identified edition: 2.9.0

• Visual-evidence reference software. Conclusions and deployment suitability must be reviewed for the intended domain.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-012 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-18. EUR is the reference currency; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	354,500	398,919
Negotiation reference - low	283,500	319,023
Negotiation reference - high	445,500	501,321
Recreation cost estimate	1,165,000	1,310,975
Marketability cost scenario	1,922,250	2,163,108
Monetisation cost scenario	2,563,000	2,884,144
Risk-adjusted strategic reference	3,096,673	3,484,686
Weighted economic reference	2,272,136	2,556,835

Milestone-conditioned reference

Not established. No independently supported higher maturity amount or new attributable market/income evidence is established.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The recreation anchor combines an identified base with separately scoped implementation work. The base remains a seller assumption; the scoped component has a role/work-package reproduction budget. Each component is counted once.

Source references
