Universal Remote Perception Intelligence Platform

Plan controlled perception studies, preserve blind-study records and review what the recorded results can support.

Product overview

An offline perception-research prototype for controlled experiments and evidence review.

Potential acquirers

- Perception research groups
- Scientific software vendors
- Imaging research teams

Documented functions

- Prepare bounded perception studies
- Review supplied observations
- Compare declared reconstruction hypotheses
- Record blinded study conditions
- Retain attributable research results

Available output types

Study protocols / Observation dossiers / Hypothesis comparison reports

Scientific observation & life sciences

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 33,000	**Prototype**

Current scope and conditions

A prototype offered for evaluation and continued development; production acceptance is separate.

Scope and transfer review required

Identified edition: 0.4.0

• A research prototype for preliminary review. Rights and transfer permissions must be clarified before an acquisition can close.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-102 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-18. EUR is the reference currency; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	33,000	37,135
Negotiation reference - low	26,400	29,708
Negotiation reference - high	41,250	46,419
Recreation cost estimate	110,000	123,783
Marketability cost scenario	71,528	80,490
Monetisation cost scenario	63,113	71,021
Risk-adjusted strategic reference	35,466	39,910
Weighted economic reference	66,841	75,216

Milestone-conditioned reference

EUR 78,733; model change EUR 11,892. Qualify the defined existing software, source-specific evidence, rights and recipient handover; separately resolve the listed project conditions. Scientific, physical or production claims require their own evidence.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.

Source references
