Milestone-conditioned reference

Not established. No independently supported higher maturity amount or new attributable market/income evidence is established.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The retained expressly priced scope and successive non-overlapping implementation budgets reconcile below. Equivalent effort and historical anchors remain seller assumptions; actual expenditure, independent quotations and market value are not established. The previously priced lyric, generation, API and evidence foundations are reused once. Live services, payment processing, licensed models, artistic/legal clearance and future production acceptance are excluded.

Partial scoped budget; retained anchor remains provisional. Budget coverage concerns the stated priced scope; independent quotation and market value are not established.
