Narrative Collectibles Platform

Manage collectible identities, editions and fictional narratives while keeping physical facts and review decisions distinct.

Product overview

An object-independent collectible-registration and narrative-management prototype with edition controls, review workflows and supporting evidence records.

Potential acquirers

- Collectible registry software teams
- Narrative product studios
- Independent collection operators

Documented functions

- Register collections, editions and individual objects
- Manage fictional narratives separately from factual descriptions
- Review narrative continuity and fictional world histories
- Maintain supporting evidence and recovery packages

Available output types

Collectible and edition records / Fictional world and narrative histories / Review and recovery packages

Enterprise & commerce software

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 9,000	**Prototype**

Current scope and conditions

A prototype offered for evaluation and continued development; production acceptance is separate.

Available for acquisition discussion

• A local collectible-registry prototype with fictional narratives. Public commerce, payments, physical stock and independently certified ownership are excluded.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-109 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.
