Faunometric

Classify recorded sounds for your bioacoustic studies and compare results across repeatable evaluations.

Product overview

A bioacoustic research product for classifying observed sounds and governing model qualification.

Documented functions

- Classify recorded sound
- Compare candidate results
- Preserve evaluation evidence
- Review release eligibility
- Apply documented runtime decision rules

Potential buyer fit

Ecological research groups / Bioacoustic software vendors / Environmental monitoring teams

Buyer profiles are positioning suggestions; they are not established customers or contracts.

Documented output types

Classification records / Study reports / Qualification decisions

Profile and full editable brief

The full editable brief accompanies this factsheet and retains the detailed product and transaction boundaries.

Status and commercial reference

SELLER ASKING REFERENCE	RECREATION ESTIMATE
EUR 275,000	**EUR 1,200,000**

Current repository documentation

Current main baseline: 5.7.0.

The latest build requires fresh validation; the earlier validated baseline remains available for review.

Documentation checked: 17 October 2026. The main source is unchanged from the preceding directory review. Existing product qualification retains its source and execution date; tests were not rerun for this project.

Individual financial-reference review

Financial-reference review: 17 October 2026. Current main source and existing development heads reviewed. The priced scope and disclosed cost assumptions are unchanged; existing cost/asking references are retained. Market value remains NOT_ESTABLISHED. Original financial-reference date: 2026-10-12.

Commercial and delivery boundary

Amounts are seller model estimates, not expenditure, a contractor quotation or independent market/income value. AS IS acquisition requires a written agreement defining first-party rights, exact delivery and acceptance. Third-party rights retain their own terms. Future development, hosting, support, customer content and credentials are separately scoped or excluded.

Source basis

TA-IP-006-P: current documentation. TA-IP-006-C: financial-reference review, 17 October 2026. TA-IP-006-A: retained dated handover assessment. Shared WIPO, Knab and limited Upwork sources provide method/rate context, not asset appraisals. Local checks are disclosed per project; see the exact source receipt and retained qualification scope.
