Multimodal Evidence Adaptive Systems Platform

Bring different forms of observation together and compare their contribution to your research.

Product overview

A multimodal research prototype for coordinated observation and attributable experiments.

Documented functions

- Organise multiple observation streams
- Review quality and missing data
- Align recorded sessions
- Study adaptive experiments
- Retain research provenance

Potential buyer fit

Sensor research groups / Scientific software vendors / Human-state research teams

Buyer profiles are positioning suggestions; they are not established customers or contracts.

Documented output types

Observation sessions / Study reports / Replay records

Current repository documentation

Current main baseline: 0.2.0.

An implemented prototype for evaluation and further development.

Documentation checked: 17 October 2026. The main source is unchanged from the preceding directory review. Existing product qualification retains its source and execution date; tests were not rerun for this project.

Individual financial-reference review

Financial-reference review: 17 October 2026. Current main source and existing development heads reviewed. The priced scope and disclosed cost assumptions are unchanged; existing cost/asking references are retained. Market value remains NOT_ESTABLISHED. Original financial-reference date: 2026-10-12.

Commercial and delivery boundary

Amounts are seller model estimates, not expenditure, a contractor quotation or independent market/income value. AS IS acquisition requires a written agreement defining first-party rights, exact delivery and acceptance. Third-party rights retain their own terms. Future development, hosting, support, customer content and credentials are separately scoped or excluded.

Source basis

TA-IP-056-P: current documentation. TA-IP-056-C: financial-reference review, 17 October 2026. TA-IP-056-A: retained dated handover assessment. Shared WIPO, Knab and limited Upwork sources provide method/rate context, not asset appraisals. Local checks are disclosed per project; see the exact source receipt and retained qualification scope.
