Current scope and conditions

A local reference application for collectible, narrative and simulated-commerce workflows, with local access controls and portable recovery. Real payments and production services are excluded.

Available for acquisition discussion

Identified edition: 0.8.0 / R7

• Commerce uses simulated transactions; real payments, production identity services and hosted operations are excluded.

• Narrative checks do not establish literary originality, translation quality or third-party rights clearance.

• Portable integrity verification does not independently establish ownership, historical truth or external trust.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Milestone-conditioned reference

Not established. No accepted next-maturity evidence or future sale/income value is established.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The recreation estimate comprises the retained expressly priced scope and the separately disclosed non-overlapping implementation budgets. Historical anchors and each successive scoped increment reconcile in the calculation below. Equivalent effort is a seller estimate; market value, actual expenditure and independent quotations are not established. Reuses the priced registry, editorial and simulated-commerce foundations. Real payments, production identity services, externally trusted provenance and hosted operations are excluded.

Stated scope reconciled to explicit budgets. Budget coverage concerns the stated priced scope; independent quotation and market value are not established.
