VellumGrid Autonomous Commerce Platform

Organise digital-product creation and fulfilment, and review the operational and financial evidence for your commerce workflow.

Product overview

A digital-commerce product asset for governed creation, fulfilment and delivery.

Potential acquirers

- Digital-commerce operators
- Commerce software vendors
- Product automation teams

Documented functions

- Create configurable digital products
- Validate publication packages
- Track fulfilment work
- Control digital delivery
- Review cost and profit evidence

Available output types

Digital product packages / Fulfilment records / Commercial review reports

Defined work. Separate written terms.

Seller asking reference / AS IS

EUR 575,000 · indicative USD 644,805

Identified edition: 0.7.6.dev0

Developed software · Conditional handover

Current scope and conditions

Seller-owned first-party rights plus specifically agreed transferable software/delivery artifacts; website displays and third-party ownership rights excluded from standalone software asset value.

• Commerce workflow software. Operating businesses, payment accounts, physical stock and business income are excluded.

Conditions before handover

• Dependency manifest exists without an identified lockfile; reproducibility should be reviewed.

• A detailed component inventory and licensing report are required for the agreed delivery scope.

• Third-party licensing and obligations documentation remains incomplete.

• A security assessment or an explicit statement of its absence is required before acceptance.

• Release identity and provenance evidence remain incomplete.

• An explicit delivery manifest and handover scope remain to be agreed.

The seller offers only the expressly agreed first-party rights it owns or controls, to the extent transferable. Third-party materials retain their own terms. Independent title and freedom-to-operate opinions are not established.

Prices & sources.

Price basis: 2026-11-10. EUR is authoritative; market value is not established.

Price / model reference	EUR	USD - indicative
Seller asking reference	575,000	644,805
Negotiation reference - low	460,000	515,844
Negotiation reference - high	720,000	807,408
Recreation cost estimate	2,400,000	2,691,360
Marketability cost scenario	3,036,000	3,404,570
Monetisation cost scenario	3,726,000	4,178,336
Risk-adjusted strategic reference	3,063,130	3,434,994
Weighted economic reference	3,024,496	3,391,670

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.

Coverage describes stated seller estimates only. The retained earlier anchor lacks a complete work breakdown; added scope does not validate it.

Individual source review.

Reviewed 10 November 2026. Current main documentation, source inventory and open candidate status; no fresh execution of private product tests.

Retained source evidence

Repository documents Shopify ingress/admin GraphQL reference, tenant orders, durable worker leases, operational/policy gates and explicit profit evidence. CI configured but actual live operation absent.

Remaining limits

No live Shopify infrastructure, executed restore drill, retained live performance or real profitable sales. Github must not host payments, user accounts, production DB or SaaS runtime.

Development position

No open pull request at the captured source snapshot.

Acquisition evidence profile

Technical scope: V — A digital-commerce product asset for governed creation, fulfilment and delivery. The offered edition and material boundaries govern review.

Evidence and validation: E2 — Tests plus validation/qualification evidence identified. Detailed source-specific records are reviewed under agreed confidentiality; independent intended-use acceptance remains separate.

Rights and component obligations: R2 — R1 plus dependency/third-party disclosure basis identified. Review the agreed first-party rights, third-party obligations and delivery perimeter.

Commercial basis: C2 — Seller ask and reproducible economic reference established. Market value is not established.

Delivery and handover: T3 — T2 plus validation, build/release and dependency-disclosure evidence. The listed conditions and written delivery agreement govern acceptance.

Buyer information and next step

Quote TA-IP-086 and the project title. Agree the exact first-party edition, rights, delivery manifest and recipient acceptance separately.
