Vision Evidence Governed Multimodal Perception Framework

Compare perception results across different types of input and review the evidence behind each interpretation.

Product overview

A multimodal perception research asset for repeatable, evidence-governed studies.

Potential acquirers

- Perception research groups
- AI software vendors
- Scientific modelling teams

Documented functions

- Run multimodal perception experiments
- Compare declared research conditions
- Review benchmark evidence
- Preserve source provenance
- Control scientific claim promotion

Available output types

Experiment comparisons / Feature-study reports / Release evidence

Defined work. Separate written terms.

Seller asking reference / AS IS

EUR 160,000 · indicative USD 179,424

Identified edition: 35.0.0

Developed software · Conditional handover

Current scope and conditions

Seller-owned first-party rights plus specifically agreed transferable software/delivery artifacts; website displays and third-party ownership rights excluded from standalone software asset value.

• Target-environment suitability, deployment acceptance and any required independent qualification are agreed separately.

Conditions before handover

• Dependency manifest exists without an identified lockfile; reproducibility should be reviewed.

• A detailed component inventory and licensing report are required for the agreed delivery scope.

• A security assessment or an explicit statement of its absence is required before acceptance.

• An explicit delivery manifest and handover scope remain to be agreed.

The seller offers only the expressly agreed first-party rights it owns or controls, to the extent transferable. Third-party materials retain their own terms. Independent title and freedom-to-operate opinions are not established.

Prices & sources.

Price basis: 2026-11-10. EUR is authoritative; market value is not established.

Price / model reference	EUR	USD - indicative
Seller asking reference	160,000	179,424
Negotiation reference - low	130,000	145,782
Negotiation reference - high	200,000	224,280
Recreation cost estimate	850,000	953,190
Marketability cost scenario	654,500	733,956
Monetisation cost scenario	433,500	486,127
Risk-adjusted strategic reference	224,144	251,355
Weighted economic reference	508,550	570,288

Cost basis

The retained recreation anchor has no explicit per-role work-package budget in the current methodology register. It remains a low-confidence seller estimate requiring reconstruction before reliance.

Coverage describes stated seller estimates only. The retained earlier anchor lacks a complete work breakdown; added scope does not validate it.

Individual source review.

Reviewed 10 November 2026. Current main documentation, source inventory and open candidate status; no fresh execution of private product tests.

Retained source evidence

RELEASE_STATUS describes 267/267 core regression, independent Colab local gate and 8/12 feature-level support; 0/12 biologically validated modes.

Remaining limits

8/12 feature evidence is not complete biological qualification, real sensory equivalence, animal-model generalization or independently measured production accuracy.

Development position

No open pull request at the captured source snapshot.

Acquisition evidence profile

Technical scope: V — A multimodal perception research asset for repeatable, evidence-governed studies. The offered edition and material boundaries govern review.

Evidence and validation: E3 — Tests, validation and provenance/release evidence identified. Detailed source-specific records are reviewed under agreed confidentiality; independent intended-use acceptance remains separate.

Rights and component obligations: R2 — R1 plus dependency/third-party disclosure basis identified. Review the agreed first-party rights, third-party obligations and delivery perimeter.

Commercial basis: C2 — Seller ask and reproducible economic reference established. Market value is not established.

Delivery and handover: T3 — T2 plus validation, build/release and dependency-disclosure evidence. The listed conditions and written delivery agreement govern acceptance.

Buyer information and next step

Quote TA-IP-052 and the project title. Agree the exact first-party edition, rights, delivery manifest and recipient acceptance separately.
