Digital Template Commerce Platform

Prepare self-hosted digital-template sales with package integrity, order evidence and Bitcoin-payment reconciliation through separately operated commerce infrastructure.

Product overview

A WordPress/WooCommerce extension and storefront implementation for digital-template packages, consent records, tamper-evident transaction evidence and defined BTCPay integration boundaries.

Potential acquirers

- Digital-product commerce software vendors
- Template-publishing and creator-tool businesses
- Self-hosted commerce integration developers

Documented functions

- Check package release metadata and ZIP integrity
- Record delivery consent and per-line licence identifiers
- Reconcile declared order and BTCPay payment evidence
- Maintain idempotent, tamper-evident ledger records
- Prepare backup, ledger anchors and annual evidence exports

Available output types

Package and order-line licence records / Consent, payment and refund evidence / Ledger anchors, backups and annual export packages

Enterprise & commerce software

Defined work.
Separate written terms.

SELLER ASKING REFERENCE / AS IS	CURRENT OFFERED POSITION
EUR 10,500	**Prototype**

Current scope and conditions

Available as a specifically scoped research or development software asset. Independent application, rights and handover acceptance remain separate.

Available for acquisition discussion

Identified edition: 0.2.0 / Template Commerce Engine

• Local PHP syntax and standalone logic checks do not establish an accepted WordPress, WooCommerce and BTCPay staging deployment or reliable live fulfilment.

• WordPress and third-party platform licences retain their own terms. Distribution compatibility and first-party title require specific review before any exclusive-rights offer or delivery.

• The ledger is tamper-evident, not absolutely immutable against privileged control. Security, tax, consumer-law, backup and recipient operational acceptance remain separate.

Offered first-party perimeter

• The specifically agreed first-party software or research work product

• Associated first-party product documentation and retained evaluation material

• The expressly agreed transferable first-party rights

Separately scoped or excluded

Third-party software, data, media, models and service entitlements beyond their own terms

Personal, customer and author content, private accounts and credentials

Future development, hosting, hardware, support and operating businesses unless expressly agreed

Buyer information and next step

Quote TA-IP-115 and the project title when discussing your intended use through the verified seller contact channel supplied with this portfolio. Detailed diligence is handled through an agreed review process.

The asking reference is an indicative seller choice, not an independent market appraisal. Rights, exact delivery, acceptance, consideration and taxes require separate written terms. Viewing this document grants no software or IP rights. Buyer descriptions indicate potential fit, not existing customers or contracts.

Prices & sources.

Price basis: 2026-10-31. EUR is the reference currency; market value is not established.

PRICE / MODEL REFERENCE	EUR	USD - indicative
Seller asking reference	10,500	11,731
Negotiation reference - low	8,500	9,496
Negotiation reference - high	13,000	14,524
Recreation cost estimate	34,500	38,543
Marketability cost scenario	26,393	29,486
Monetisation cost scenario	26,781	29,920
Risk-adjusted strategic reference	13,086	14,620
Weighted economic reference	23,840	26,634

Milestone-conditioned reference

Not established. No independently accepted next-stage scope or attributable market/income evidence supports a separate future amount.

This is a conditional maturity sensitivity, not a current asking price, forecast or established market value.

Cost basis

The recreation estimate adopts the lowest expressly scoped seller effort scenario. It is not recorded expenditure, an absolute minimum, an independent quote or established market value. Only the agreed first-party extension, theme and documentation are priced, subject to rights and compatibility review. Platform ownership, customer or payment data, a trading business, live operations, hosting and third-party licences are excluded.

Stated scope reconciled to explicit budgets. Budget coverage concerns the stated priced scope; independent quotation and market value are not established.
